EXECUTIVE READ

## What matters now

Top-level conclusion, primary support, and the main restraint in the current weekly setup.

**Conclusion**

The strongest supporting evidence is factors: O'Shaughnessy factor stack blends value, quality, momentum, and confidence. The main constraint is indicator analysis: Latest 12-week confirmation: trend 0/12, activity pressure 0/12, relative leadership 0/12. The combined read is defensive, so risk control and evidence of stabilization matter more than headline upside.
